Results of recruitment to Ph.D. student positions in project OPUS:

“Electrochemical asymmetric oxidations mediated by chiral iodoarene electrocatalysts”

Following the criteria outlined in the Regulations of the National Science Centre – Poland regarding the issuance of scholarships for young researchers in research projects, the recruitment committee has established following ranking list:

1. Natalia Wojciechowska
2. Robert S. Yafele

Reserve list:

3. Ravi Devarajappa

The remaining applicants have achieved lower score and were not classified explicitly in the ranking list.

Dr. Marcin Kalek

Head of the Recruitment Committee
